# A UNIQUE MAGAZINE

**afrique** the leading pan-African magazine for nearly 40 years, has an original point of view based on a variety of approaches and a continuous cross-section of perspectives. Politics, society, ideas, culture, business, entertainment, we are at the crossroads of Africa's many realities. Looking at a continent that has been reborn again and connected to the world. With high writing and visual standards. The articles are researched and produced by experienced staff, local journalists and special correspondents. **afrique** is a resolutely high-end magazine also focusing on lifestyle and trends. Its a bi-monthly with ten releases per yer, reflecting our ambition and our brand. We add to these releases special issues of the collection **ensuite** which focus on a particular country, major cultural or sports event, travel or fashion, a social theme, a key contemporary opportunity... Our readers reflect the identities of our magazine : urbane, influential, well-travelled, globalised Africans (and non-Africans).

BEING IN THE **WORLD**

## FROM THE PUBLISHER

**afrique** magazine has come out for nearly 40 years without interruption. That's three decades of experience! We take pride in our high standards and ability to change, adapt and stay fresh. Above all, we're proud of our partners, readers and advertisers' loyalty. Africa is a huge, multi-faceted, complex place at the heart of the world's challenges. Diversity, energy and creativity are there. So are obstacles. Our goal is to reach all the players, Africans and non-Africans, determined to overcome them. Our goal is to reach elites as well as the up-and-coming generations—people with new ways of looking at the world. Our goal is to put out a high-quality magazine (as well as special issues and supplements) keeping up with major trends that offers our advertisers and partners an effective means of communication—an authentic publication close to a resolutely contemporary Africa.
